## Measuring Your Space

- 1. Begin by measuring each wall of the room and recording the inside dimensions.
- 2. Note the sink, water supply, natural gas supply and electric services (note voltage).
- 3. Measure each wall individually. Note all outlets, switches, lights, cables, heat registers, phone jacks, doors, windows.
- 4. Record the window sill height, along with the dimentions of the windows, doors, ceiling, and soffits.
